Suárez Financial Services Opens Auditing Firm in The Middle East

Suárez supporting its business partners in the GCC. will spearhead its presence in the region with its new Financial Consulting Division in Bahrain, which is part of the group's increased focus on emerging markets and major international growth areas. Headquartered in Hong Kong, Suárez Group operates in multiple countries around the world. In 2017, Suárez Group announced its 3 years growth strategy ending in three areas – Financial Product & Services, Industry 4.0 and Streaming Services. The leading Management Consulting Firm concentrates in the Renewable Energy and Global Investment projects for small and large enterprises worldwide, as well as consulting. Suárez will now offer key financial services to meet the demand of the new taxation laws supporting its business partners in the GCC region, Levant and North Africa from its new branch in Bahrain.

"We are excited to announce a new venture with Hemphill Wright & Associates an international certified public accounting firm located in Independence, Ohio with additional Philippines and now as a partnership with Suárez in Manama Bahrain.

"Bringing New Financial Services together with Hemphill Wright & Associates in the Middle East is very important to us. It not only brings us into greater proximity with some of our most important customers, but also helps us to demonstrate our commitment to bringing the best of the company's innovative services to the region. In addition it will allow us to have a better understanding of regional trends and requirements," said Carlo Adolfo Suárez CEO of Suárez Management Consulting Group.

"We are also very excited for the opportunity to work with Suarez in the Kingdom of Bahrain. This venture will help in the furtherance of our mission of introducing cost effective, efficient audit services to the Middle East and around the world. "During our 35 year history. Hemphill Wright & Associates has served clients in several industries including real estate development, construction, government, education and not-for-profit. Our E-Audit approach is unique in the industry and we are looking forward to bringing this innovative approach to the Middle East."

The Suárez Group has sales and support, production, research and development operations in four continents. It has its world headquarters in Hong Kong, China and regional headquarters in the Americas, Europe, China, Asia-Pacific.
